

PV-60TR Reel 550/400 w/o hose assembly - Heavy duty hose reel

PV-60TR Reel 550/400 w/o hose assembly - Heavy duty hose reel

The easy-to-use industrial models are designed to withstand continued heavy use. PV-23T/TR and PV-25T/TR are equipped with a folding rewinding crank, hose guide and 1 shut-off valve. These models include a brass curve rising from the reel hub to the casing. PV-23T/ TR includes an additional connecting hose and a wall mounting bracket. The PV-25T/TR model includes an additional connecting hose and a hinged arm. PV-60 R includes a 1 shut-off valve and a rewinding crank with a 1 inner thread for a feed pipe.
