

Powder fire extinguisher 12kg -

Powder fire extinguisher 12kg -

Powder fire extinguishers are suitable for extinguishing most fire types. For example wood, paper, textile, petrol, oil and varnishes. It is also suitable for extinguishing devices with live voltage. The powder in powder fire extinguishers interrupts the burning process and forms a protective layer on glowing materials to prevent re-ignition. The extinguishing powder does not conduct electricity, and it is frost resistant. The storage and operating temperature for powder fire extinguishers is -30 C to + 60 C
